Planning, Zoning and Economic
Development

Planning, Zoning and Economic Development Goal

To develop a vital economy where there is opportunity for growth, particularly in historically underdeveloped areas; citizens have opportunities for creating wealth and prosperity; and visitors consider Kansas City a desirable destination.

How to Get There: 2015 City Objectives for Planning, Zoning and Economic Development

1. Create and implement aggressive neighborhood revitalization plans that are consistent with Kansas City's comprehensive, long-range economic and physical growth plans with special attention to sustainable development projects or projects in historically underdeveloped corridors and neighborhoods. (2018)
2. Implement the City's long-range economic strategic plan utilizing the recommendations of the AdvanceKC strategic plan. (Tune up: 2017)
3. Implement programs that foster small business growth and development. (2016)
4. Implement the City Planning and Development Service Improvement Plan in order to streamline business processes and systems. (2017)
5. Enhance Kansas City as a destination for leisure and business travel through aggressive promotion of our community and continued investment in the City's convention and entertainment facilities. (Ongoing)
6. Prepare the airport terminals at KCI to meet and exceed the future needs and requirements for our customers and tenants to make KCI a world-class airport. (Ongoing)
7. Utilize arts-based strategies to support the creative sector in fostering economic and community development. (2017)
8. Increase support for economic prosperity of the creative sector. (Ongoing)
9. Develop a digital inclusion strategic plan for the City's part in the Kansas City Coalition for Digital Inclusion. (May 1, 2016)
10. Analyze the current and historic use of incentives in TIF, LCRA, 353, and PIEA areas to determine the ongoing need for development assistance. (2017)

Objectives 5 & 6

Hotel Room Nights

FY2016 Q1 (May – July) = 41,923

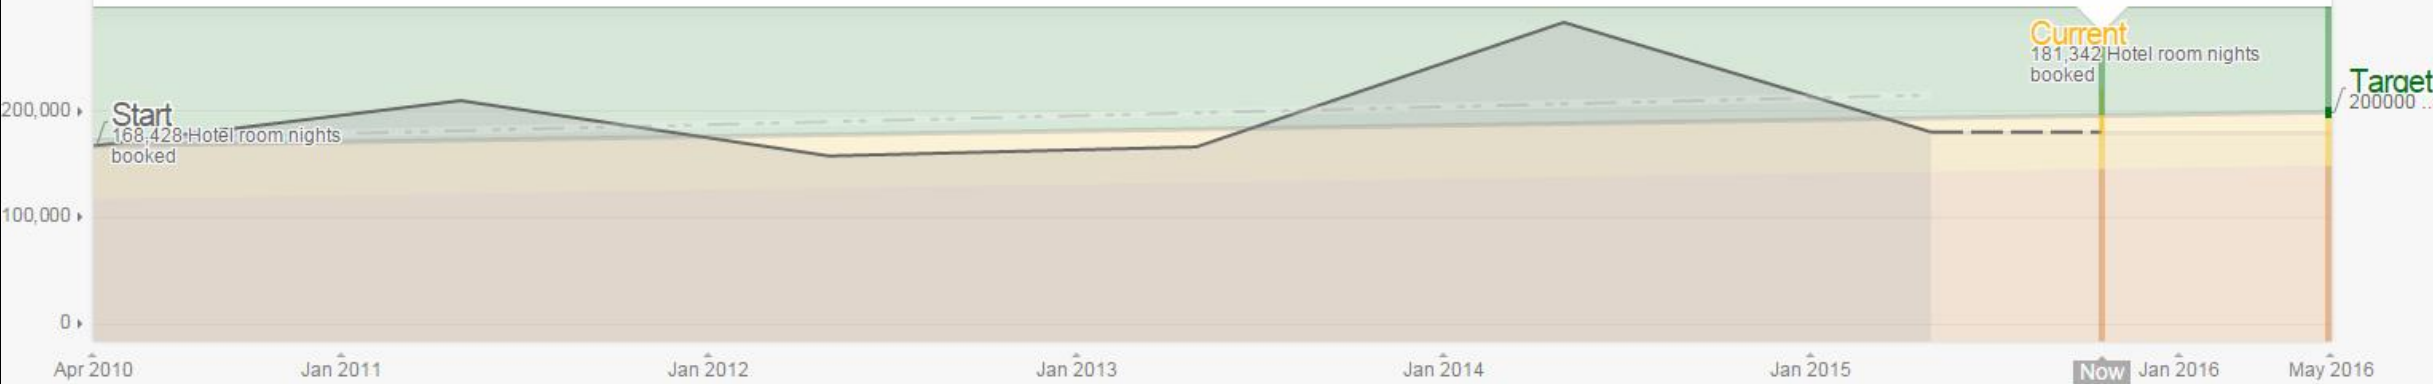

Enhance Kansas City as a destination for business and leisure visitors

The key measurement for this priority is the number of hotel room nights booked due to meetings at the convention center. A decreased number of hotel room bookings (which are for future years) means that the city can anticipate a decreased number of convention visitors (resulting in less economic impact). The target for Fiscal Year 2016 is 200,000 room night bookings. [Explore the data](#)

Kansas City Convention Center Recognized as an industry leader

- For the ninth consecutive year, Facilities & Destinations Magazine has awarded the Kansas City Convention Center with its prestigious Prime Site Award once again recognizing the Convention Center as a national leader in the entertainment and facilities industry.
- Facilities & Destinations Prime Site Awards are based on the opinions of those in the industry involved with site selection – association executives, meeting planners and trade show managers. The criteria for the award includes functionality of convention centers, technological capabilities, food and beverage operation, internet access, size and quality of meeting space.

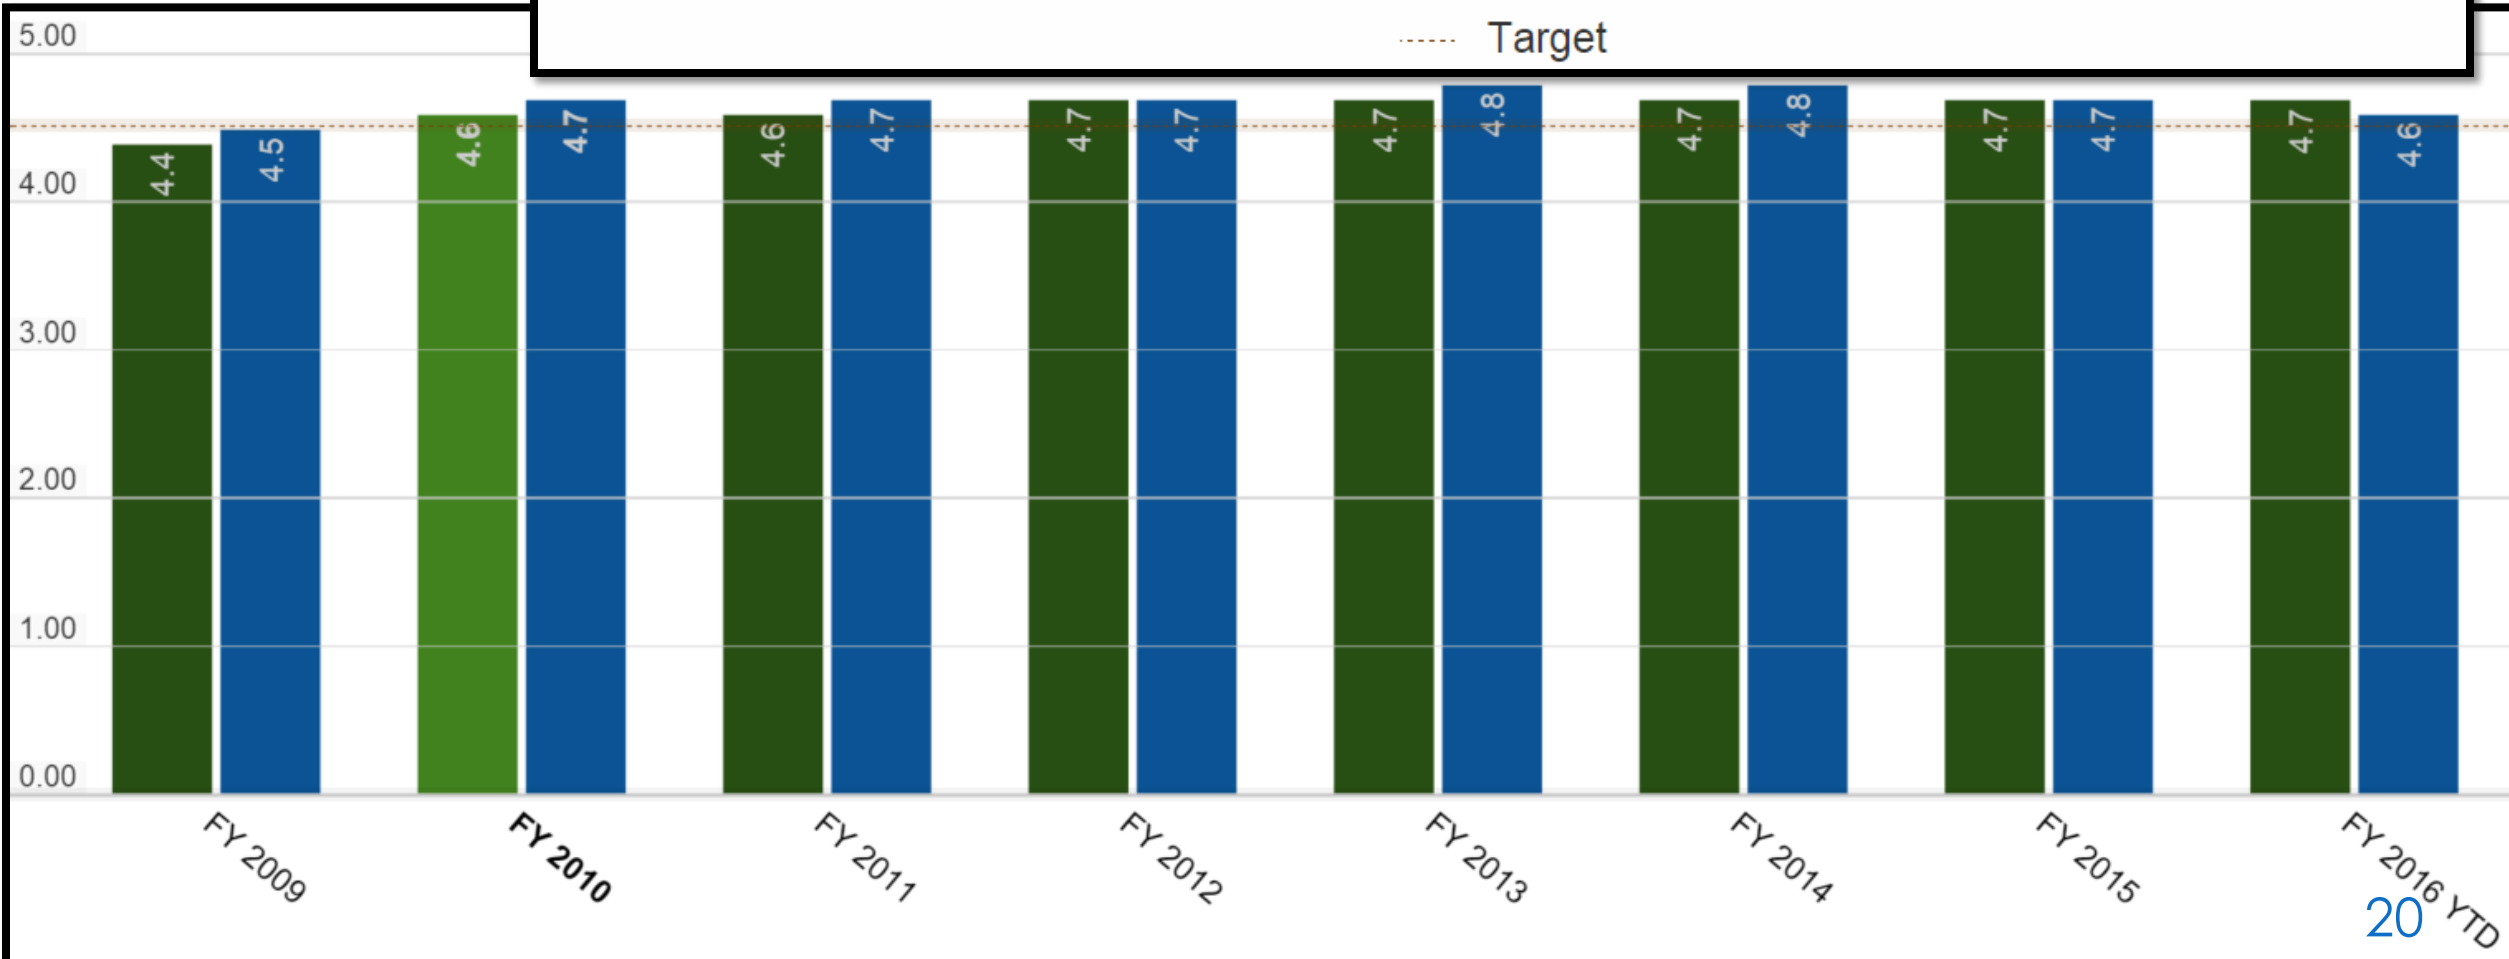

“By winning a Prime Site Award – as the Kansas City Convention Center has done for each of the past nine years and 12 times total since the award began in 1994 – it is obvious that your staff does a fine job serving your event clientele” – Michael Caffin, associate publisher of Facilities & Destination Magazine

Citizen Satisfaction with Airport Services

Importance-Satisfaction Ranking

<u>Airport Category</u>	<u>Importance</u>	<u>Satisfaction</u>	<u>I-S Rank</u>	<u>I-S FY14</u>
Food, beverage, and other concessions	30%	42%	1	1
Price of parking	31%	50%	2	2
Ease of moving through airport security	27%	73%	3	3
Availability of parking	21%	68%	4	4
Cleanliness of facilities	16%	70%	5	5
Helpfulness of signs and other directions	11%	69%	6	6

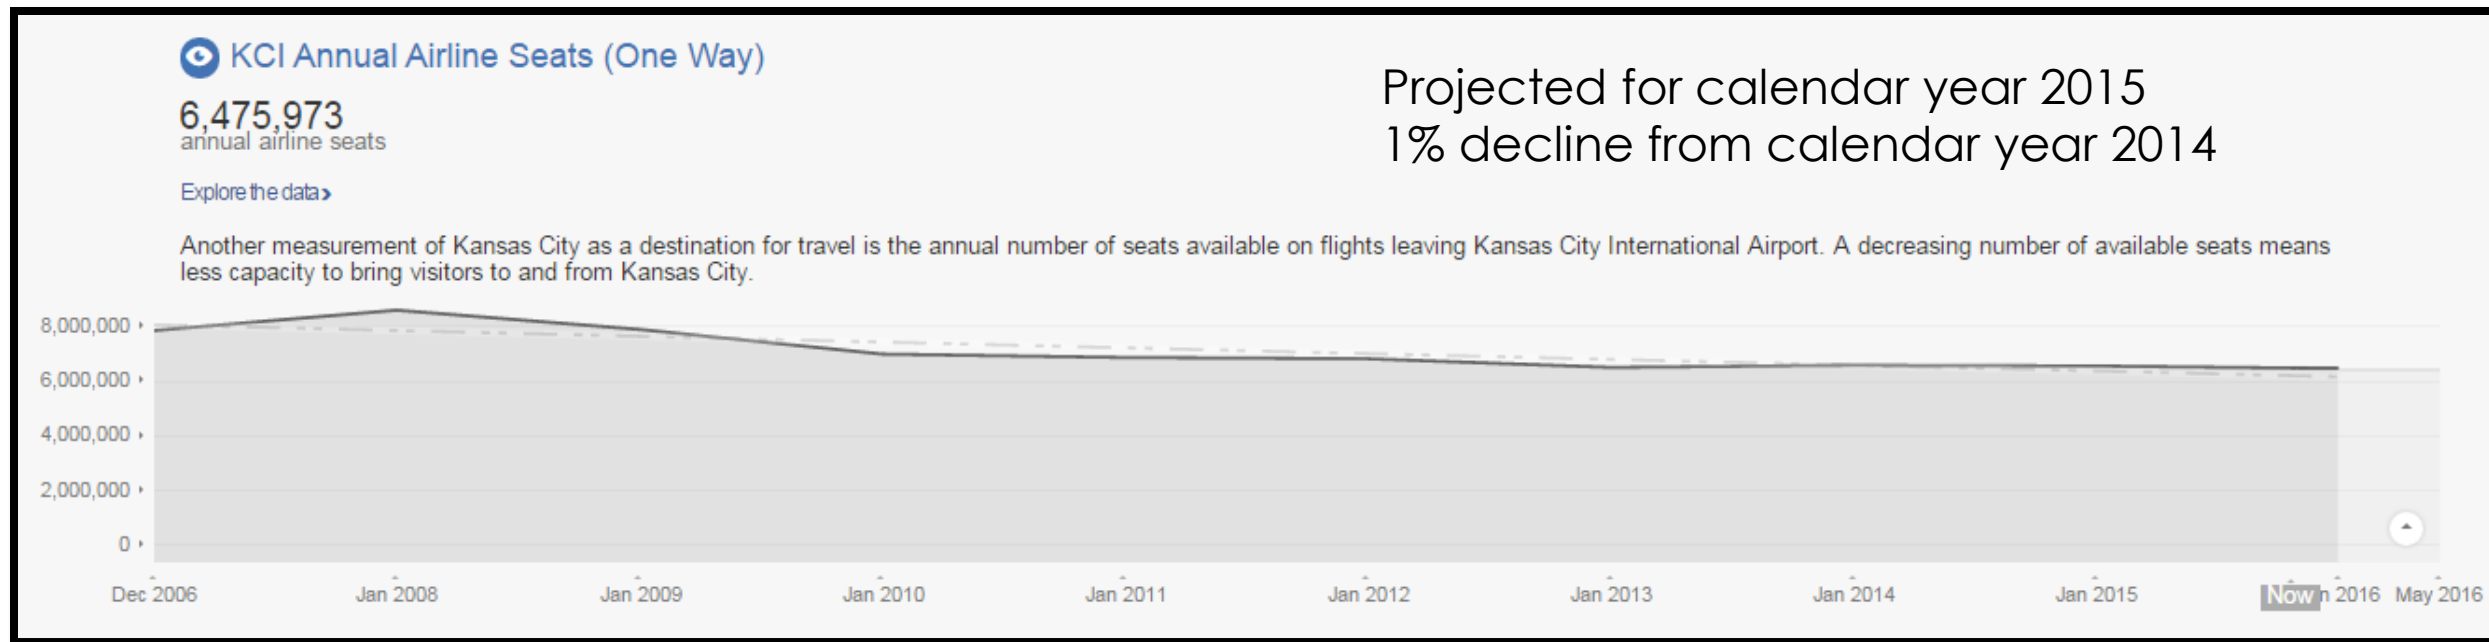

Importance = Total percent of citizens selecting category in response to the following question:

Which TWO of the Airport Services listed do you think should receive the MOST EMPHASIS from the City over the next two years?

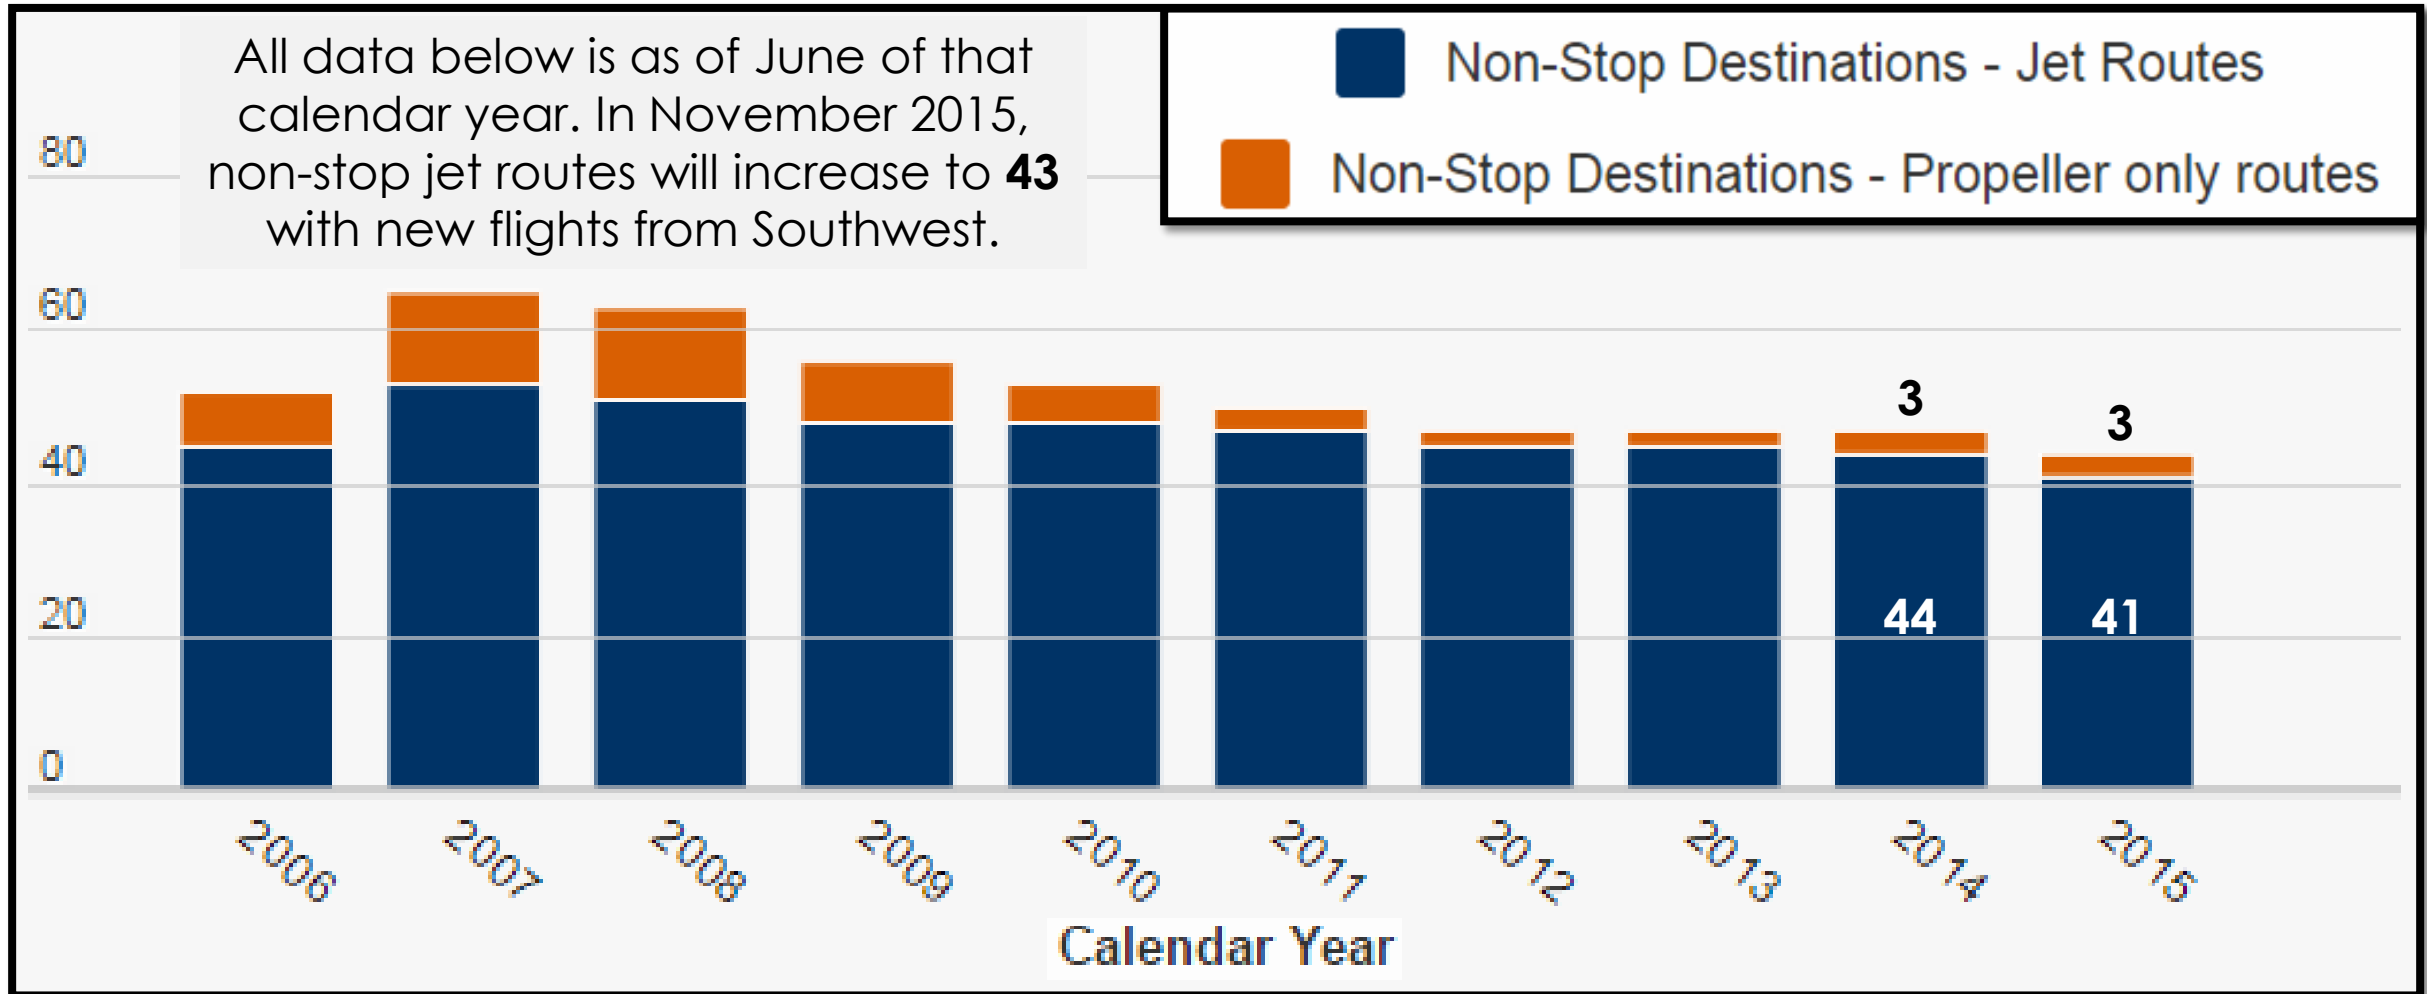

I-S = Rank based on Importance-Satisfaction Rating. This is an established methodology used to identify those services that are of the highest importance to residents and where residents are least satisfied.

Calculation of I-S = (Importance*(1-Satisfaction)). I-S Rank orders the categories from the highest to lowest I-S.

Objectives 2, 3,
7, 8, 9, & 10

Objective 9

Develop a digital inclusion strategic plan for the City's part in the Kansas City Coalition for Digital Inclusion.

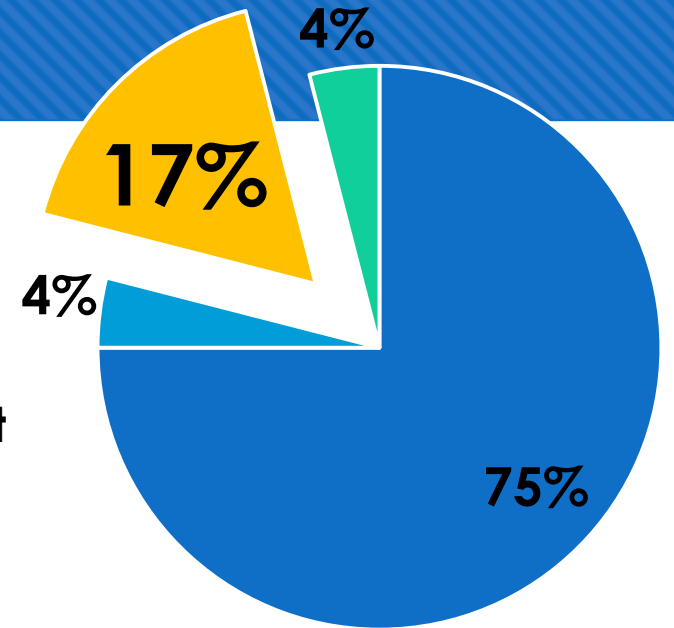

Digital Inclusion

Do you use the internet?

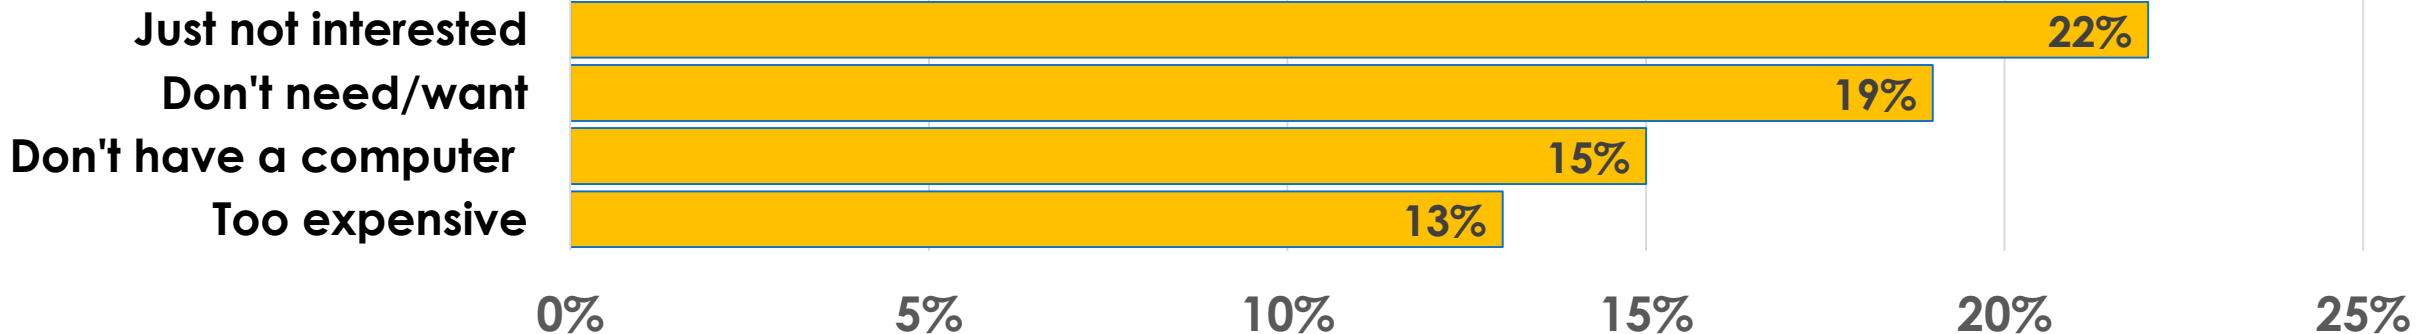

Of the 17%:

- **44%** are 65 or older
- **46%** are African-American
- **42%** make less than \$25k a year
- **64%** have only a high school education

- Yes, I've got broadband
- Yes, but not broadband
- No, I don't use the internet
- Other

Of the 17%, the main reason non-users don't get online

Why is Digital Inclusion Important and What Are We Doing About It?

○ Why does the City need a Digital Inclusion Strategic Plan?

- Recognizing the relevance and value of high-speed Internet access to all of our residents
- Need a policy guide to inform the City's participation in the Coalition for Digital Inclusion
- Smart City movement is identifying increasing opportunities for KC residents for economic mobility

○ What the City has done:

- Google Fiber deployment now passes over 210,861 households and business class service is offered
- Participation in Coalition for Digital Inclusion
- Google Fiber Community Connections at schools, libraries and community centers powering community learning centers
- Certified as an eSteward Enterprise
- Facilitating the White House/HUD ConnectHome initiative in partnership with the Housing Authority and the Coalition for Digital Inclusion

Google's Report and further research finds that people with faster internet connections do more "high value" things on line, including:

- Online banking and bill paying
- Research for school or work
- Increased use of search engines
- Distance learning Distance working
- Small business (homebased and storefront) and job creation
- Civic engagement

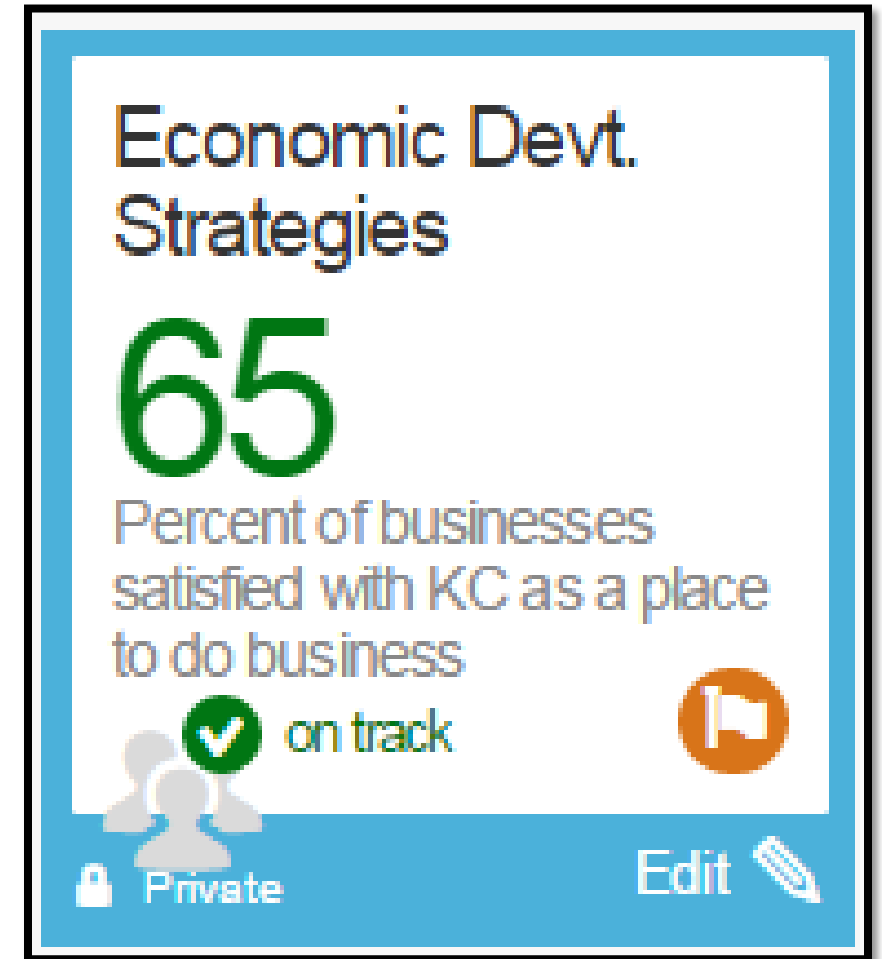

Strategic Networks Group

- Partnership with Strategic Networks Group (SNG) to provide local business owners with the tools they need to leverage online resources for business growth resources and guidance. The partnership will grant business owners with access to SNG's Small Business Growth Program, which is designed to educate small business owners on how to use the Internet and how to best direct limited online resources for maximum effectiveness
- SNG has surveyed tens of thousands of businesses across the nation regarding their Internet use and accompanying financial benefits. Using this data, SNG is able to compare how a business in Kansas City is leveraging the benefits of broadband connection in comparison to their peers and competitors.

Objective 10

Analyze the current and historic use of incentives in TIF, LCRA, 353, and PIEA areas to determine the ongoing need for development assistance.
